biometric data (fingerprints) will be collected when you come in person with your application to the Embassy

2) Certificate of criminal clearance:

The police certificate is an official document issued as a result of a background check by the police or government agency of a country to enumerate any criminal records that the applicant may have. Criminal records may include arrest, conviction, and possibly criminal proceedings. The steps to providing an appropriate PCC (police clearance certificate) is very important and must be followed cautiously. If there are any problems regarding the issuing of the PCC, contact the czech embassy in Abu Dhabi as soon as possible.

Criminal record has to be issued from your country of origin and the UAE.

Providing criminal record from **country of origin**:

You must present a criminal record extract of the country of citizenship and moreover, the same document issued by the countries where you lived in the past 3 years for a consecutive period of 6 months or more, or an affidavit in case the country does not issue such a document. The criminal record extract is issued usually by the Police Department or by the Ministry of Justice (name of document and issuing authority may differ in each country). The criminal record must ***not be older than 180 days*** (the validity of PCC is **crucial**) when you come to apply for the student visa.

When you have the criminal record issued, find out if the document needs an **APOSTILLE** or **LEGALISATION**:

- If your country can put an **apostille** on the document, it is ready to use and to be presented with your application

Apostilles authenticate the seals and signatures of officials on public documents such as birth certificates, court orders, or any other document issued by a federal agency or certified by an American or foreign consul.

- If your country cannot put an apostille on the document, you will need to have the document firstly **legalised**. The legalised document must then be **superlegalised** by the Embassy of the Czech Republic in your home country.

When the document is both legalised and superlegalised, it is ready to use and to be presented with your application.

Legalisation or Apostille must be done in the Ministry of Foreign Affairs in your home country but superlegalization is within the Czech Embassy of your home country!! (first step is to legalise the document THEN super-legalize it)

Police clearance certificate (PCC) of the **UAE**:

The PCC **must not be older than 3 months** when you come to apply for the student visa.

You can apply for the certificate online through the Ministry of Interior's website and/or their smartphone app MOI UEA. You can also visit one of the MOI's service centres. Usually, it is issued within one or two days and with the legalisation process as mentioned below, you will need one week.

Steps to take:

1. Print out a hardcopy of the PCC
2. Visit the MOFA (Ministry of Foreign Affairs) to legalise the PCC
3. When you go to apply for the visa in Czech embassy in Abu Dhabi, they will superlegalise the document at the Embassy – then it will be ready to use and to be presented with your application

The superlegalisation will be done AS YOU APPLY for the visa in Czech Embassy (in Abu Dhabi), there is NO SPECIAL APPOINTMENT for superlegalization. An appointment should be taken to apply for the visa though.

3) Translation of documents to Czech language:

The Criminal record extract and the PCC must be translated to Czech language.

Documents in any other language other than Czech are not accepted.

To ensure that copies (translations) of original documents are authentic, documents may in certain cases need to be verified:

- if documents are translated by a **sworn Czech translator in the Czech Republic**, they **do not** need to be verified by the Czech Embassy
- if documents are translated **in the UAE by a translation agency**, the translated documents **must be verified by Czech Embassy**
- if the criminal record extract is translated **by a translation agency in your country of origin** you can **ask for verified translation at the Embassy of the Czech Republic in your country of origin** or it can be verified by **Czech Embassy**
- **The Embassy of the Czech Republic in Abu Dhabi can verify only English to Czech translations.**
 - If your document is issued in Arabic, follow these steps:
 1. Provide original document in Arabic language
 2. Translate original document to English language
 3. Verify English translation document (+ bring original document) at Ministry of Justice UAE
 4. Translate verified English translation document to Czech language
 5. Verify the Czech translation document at Czech Embassy
 - If your document is issued in any other language (ex. Russian, Korean, etc.):

1. Provide original documents in Russian, Korean, etc. language
2. Translate original document to English language
3. Verify English translation document at your Embassy in Abu Dhabi
4. Translate verified English translation document to Czech language
5. Verify the Czech translation document at Embassy
